DETAILED ACTION

1. The timely submission under 37 CFR 1.129(a) filed on 9/4/03 is not fully responsive to the prior Office action because the Amendment fails to address claim 20 rejection of the second paragraph of 35 USC 112, specifically indicating that in claim 20, the recitation and the method of integrating fixed wireless broadband access and a wireless local area radio network is vague and indefinite, the body of the claim fails to integrate fixed wireless broadband access and a wireless local area radio network. Since the submission appears to be a *bona fide* attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a). If a notice of appeal and the fee set forth in 37 CFR 1.17(e) were filed prior to or with the payment of the fee set forth in 37 CFR 1.17(r), the payment of the fee set forth in 37 CFR 1.17(r) by applicant is construed as a request to dismiss the appeal and to continue prosecution under 37 CFR 1.129(a). The appeal stands dismissed.
